

Lifetime retainer wear is recommended in order to maintain your incredible smile. We know that accidents happen and retainers can easily be lost, broken, thrown away, or damaged by a pet.

So, our "Retainers for LIFE" Program allows you to get lifetime replacement retainers at a substantial savings. For an upfront fee barely equal to three retainers, we will replace up to four retainers per year...forever. Only a small \$20 co-payment will be needed each time a retainer is replaced, as opposed to the \$130 per retainer it would normally cost for a replacement.

Ask our front desk team for details!
