

In order to maintain your incredible smile, **lifetime** retainer wear is required. We know that accidents happen and retainers can easily be lost, broken, thrown away, or damaged by a pet. In addition, they can wear pretty quickly if there are habits like clenching and grinding.

Our "**Retainers for LIFE**" program allows you to get replacement retainers for a lifetime. For an upfront fee, at substantial savings, you will receive a yearly benefit of replacement retainers forever!

Because we care about your smile, you can always "opt-in" to the Retainers for Life program at anytime! We even offer 0% interest financing options if you need them.

Essentially, this is an insurance policy to always have the tools on hand to keep your smile beautiful and healthy!
