

BE PROUD OF YOUR

Smile!

At Peach Orthodontics, we focus on you! Dr. Brent believes that every patient's smile is a unique part of their personality...setting the tone from the very first impression. We go to great lengths to evaluate each individual's shape of face, contours of teeth, and animation of lips to bring out the most defining characteristic of a lasting first impression...your smile.

That way you get a smile that you can be proud of!
